

“THE SHARK BITE”

MID-SEASON NEWSLETTER
26TH JUNE 2019

From the President

What a great start to the year and with the comp now in full swing, the kids have all settled into their teams and have all been having fun and playing some good football. With all the kids now kitted out in their new hoodies, they can wear them with pride knowing they are part of a great club. With the season now just passing the halfway point, we have some more good times ahead.

Through hard work and perseverance by our Secretary Sue, we have been awarded Blue Shield Status which is no mean feat.

So far this year we have had all teams filled which is an improvement from last year. With the growth we have seen I can only see the Sharks family club grow strength to strength over the coming years.

I would personally like to thank all the parent volunteers and committee that have helped out at our home games. With only 1 home game left, I urge all those that have yet to offer some time to help out, please consider as it's these volunteers that make the home games the success that they are.

Thanks again and let's go Sharkies....
